

Forgot Your Password?

This process has been automated, from the Login form, click on Forgot your password, read the instructions, enter your email address and then click Send.

You will shortly receive an email that looks like this:

Dear (Your Username):

Your password at "Southern Arizona Hiking Club" has been reset to: xxxxxxxx

If it wasn't you who initiated the reset, please let us know immediately (use contact form on our site)

Sincerely,

Southern Arizona Hiking Club team.

I feel the best way to avoid login issues with the password sent is to cut and paste the password being sure not to include a leading space.

You may choose to keep the password sent or change it to one easily remember such as your membership number. To change your password login with the password sent and click Change Password on the right sidebar under the Administration link.
